

**Job Announcement
SciWorks Science Center
Winston-Salem, NC**

Position: Natural Sciences Assistant
Assignment: Regular full-time
Posting Date: 12/5/07

Description:

The Natural Sciences Assistant is responsible for the daily care and maintenance of the plant and animal collections in the Environmental Park. Responsibilities include: feeding, cleaning, grooming, record keeping and program presentation. Other responsibilities include: supervising volunteers, maintaining gardens, natural habitats and animal exhibits.

Interested individuals will be familiar with North Carolina flora and fauna, and should be very knowledgeable on the care of domestic livestock and /or indigenous wild animals.

Candidates interested in this position must be reliable, thorough and have the ability to interact comfortably with the general public. Some agility is required for the maintenance of animal habitats.

Requirements:

At least 3 years experience in animal care
Valid NC Driver's license
Ability to lift 50 lbs
Excellent organizational and communication skills

To Apply:

Send a cover letter of interest and a current resume to
